

# Midweek Summer Interclub 2022

## Covid-19 Protection Framework – Red Light Guidelines for play

### Players

- All players participating in Tennis Auckland Midweek Summer Interclub must be fully vaccinated and have a current My Vaccine Pass (MVP)
- Players must have their MVP with them for all Interclub contests and show or scan the pass at Host Clubs if requested. **No MVP, No Play.**
- All visitors to Clubs should sign in upon arrival at Clubs, either by scanning the QR Code, or filling out the sign in sheet.
- Use the sanitiser provided and wash hands regularly, particularly after touching shared surfaces and equipment.
- Team Captains to fill out Team Lists (for both teams) and match scores. Do not swap Handbooks to do so. Sign your own Handbook, but not your opponent's.
- Teams to stick to their own playing bubbles during Interclub Contests and keep safe physical distancing from other teams and visitors. At venues that don't operate under MVP, players/teams should keep at least two meters away from other playing groups and spectators at venues.
- Sport NZ's latest guidelines advise that masks should be worn when indoors (but not when playing tennis inside). If players do choose to eat or drink indoors, masks don't need to be worn when eating or drinking.
- Players should take their own food and water to contests. Host Clubs have been advised to provide morning tea only – no shared lunches at the conclusion of play.
- We suggest that players & teams keep socialising to a minimum and leave once play has finished.
- Players should try not to handle tennis balls from other matches if possible. If tennis balls come onto your court, flick back with your racket, rather than pick these up.
- No high fives, no handshakes. Racket bumps or a friendly wave are encouraged.
- Tennis Auckland's vaccination policy applies to players only. Spectators at venues must abide by the MVP Rules in place at each Club. I.e If a Club operates under MVP only in all areas, spectators must be fully vaccinated to enter that venue and show their pass if requested. At venues where unvaccinated spectators may be present (not operating under MVP) they must stay 2 metres away from playing groups

### General Reminder

- Remember the Healthy Habits guide:
- When out and about - Mask, Scan QR Codes, My Vaccine Pass
- Stay home if you are sick
- Wash your hands regularly or use hand sanitiser
- Cough or sneeze into your elbow
- Keep your distance from people you don't know
- Be safe, be kind and enjoy your tennis!

## Clubs

- All Clubs should have a policy/process in place for viewing or scanning MVPs for visiting players and spectators. All interclub players are required to be fully vaccinated with a current MVP. It is up to individual Clubs whether or not these will be checked
- Clubs should also have an official MOH NZ Covid Tracer QR code and/or a manual sign in sheet for contact tracing purposes. Clubs operating under MVP must display posters advising if they require people entering to have a MVP.
- Clubs should follow safe hygiene practices by providing hand sanitiser and keeping surfaces clean. Surfaces, particularly frequently touched items and items in shared spaces, should be cleaned regularly.
- Improve ventilation in Club Rooms wherever possible by opening windows and doors.
- Remember the gathering limits that apply under the Red-Light setting – up to 100 people per gathering (allowing for 1m<sup>2</sup> of space per person) for facilities operating under MVP, and 25 people per gathering (allowing for 1m<sup>2</sup> of space per person) for facilities that don't require a MVP.
- Tennis Auckland recommends that MVP Host Clubs and Teams provide light refreshments only under Red Light settings and socialising is kept to a minimum with players/teams leaving at the conclusion of play.
- If teams do gather together, please use outdoor spaces as much as possible. Any teams that eat or drink indoors, must be seated and appropriately spaced apart. Please ensure teams and spectators keep to their playing bubbles.
- Players and spectators should wear masks when indoors (does not apply to playing indoors or when eating and drinking)
- Encourage safe physical distancing and keep teams within their playing bubbles.

## MVP Status at Clubs

Over the page is a list of all Clubs participating in Midweek Summer Interclub. We have included information about MVP status at all Clubs. If any information in the table is wrong or out of date, please let us know so that we can correct and share with Clubs.

As you can see all Clubs involved in Midweek Interclub are operating under MVP for the season, whether it be for the entire facility or Club Rooms only.

Any Clubs that don't require an MVP to access courts, should ensure that other activities (ie social play, coaching, court hire) **are kept to a minimum when Interclub is on**. If any other players or activities do take place on the courts, please ensure these groups are well separated (at least 2 metres apart from Interclub groups).

## MY VACCINE PASS STATUS AT AUCKLAND CLUBS FOR MIDWEEK SUMMER INTERCLUB

Club	Courts	Club Rooms	Notes
